

SIGGE

Tyysija

SIGGE Architects was awarded 1st place for their entry in an architectural competition by the Student Village Foundation of Turku. The competition looked for unique architecture for a new student housing complex in Turku, Finland.

Tyysija will have five floors, of which the top three will have student apartments. The ground floor will include a restaurant, gym, grocery shop and office space. The bottom floor will have apartment-specific storage spaces and an emergency shelter. The project will also involve modern and sustainable energy solutions.
